

Wolseley Residents Association
Revitalization Meeting
Record of Discussions
12 Nov 2018
RA Steen CC, 980 Palmerston Ave.

19:02 The meeting was called to order by Cynthia N, President.

A separate sheet is attached with the names of the 41 people present.

CN introduced herself and me, WRA Secretary, and Sasha Osipova, Member at Large, as the remaining active members of the current WRA executive.

CN spoke about the history of the WRA, from its heyday when it had many members working on various committees, to the last 5+ years when it mainly reacted as community issues came up.

All those present were then divided in 5 groups of 7-8 people to discuss the issues that they felt were of the most concern for our Wolseley community.

After 25 minutes of table discussions the general meeting reconvened. Each table then presented the main concerns that their group discussed.

Pat McCarthy-Briggs and Marianne Cerilli volunteered to take all the ideas and collate them into a smaller number of headings, with each heading having several different but similar ideas. This draft document was supplied several days later and is attached.

20:45 Meeting adjourned.

Next WRA meeting scheduled for Monday, 10 Dec at 7:00..
